City of Elba officials vote to move forward with redistricting efforts

by Linda Hodge, Editor

Elba City Council members voted Monday evening, Jan. 8, to execute an agreement with the Southeast Alabama Regional Planning and Development Commission [SEARP&DC] for redistricting.

SEARP&DC conducted an analysis of Elba's 2020 Census population and determined there is need for redistricting within the city's five existing coun-

oil district. According to Scott Farmer, SEARP&DC executive director, the target population for Elba's five districts is 702 (derived from the 2020 Elba population of 3,508).

"Analysis shows that the most and least populous districts have a deviation of more than 10 percent from the target, which is the normally accepted maximum deviation for local governments," Farmer wrote in a letter to city officials.

He noted that District One is the most overpopulated district at 12.96 percent over target (793) and District Three is the most underpopulated district at 15.38 percent under target (594).

During Monday night's city council meeting, council members voted to expend \$2,500 to contract with SEARP&DC for them to prepare plans and assist the city with the adoption of a new redistricting plan.

The goal is to have the redistricting plan in plenty of time to prepare for the 2025 Municipal Election, according to Farmer.

City clerk Sally Bane presented the city's Rebuild Alabama Annual Report for approval. The report reflected that no Rebuild Alabama Act funds were expended in Fiscal Year 2023.

Bane said the opening balance on the account on Oct. 1, 2022 was \$50,568.70 and the closing balance on Sept. 30, 2023 was \$91,416.44.

Further, Bane noted the

Alabama Department of Transportation has opened the Fiscal Year 2024 Rebuild Alabama Act application process. She said the city is looking to submit an application hoping to acquire funds to help resurface three streets - Simmons, and part of Polka and Cordelia. The deadline for the application is early February.

Mayor Tom Maddox reported to council members that funds acquired by the city after the Elba Healthcare Authority was dissolved a few months back has been invested into CD's. There are a couple of different maturity dates on the CD's (six or twelve months), but the mayor said at maturity the CD's should generate over \$25,000 in funds off those monies.

The council approved a proclamation recognizing January as Human Trafficking Awareness Month in Elba. In approving the proclamation, Mayor Maddox said he encourages all citizens to join in raising the visibility of this crime and to become more informed about ways to prevent, recognize and respond to potential victims of human trafficking in the community.

"Together, we can become more informed and take steps to create a community that is trafficking free," Maddox said.

The next Elba City Council meeting will be Monday, Jan. 22, at 5:30 p.m. at Elba City Hall.

PEDESTRIAN CROSSWALK...During the Elba City Council meeting Monday evening, Jan. 8, city clerk Sally Bane noted a new pedestrian crosswalk was now in place in front of the Dorsey Trailer manufacturing facility in Elba. This is something the company and city had been working on together to get in place for added safety measures for workers as they cross the street going to and from work each day.

Coffee County Commissioners take step forward to bring a public safety firearms range to county

by Linda Hodge, Editor

Coffee County Commissioners took a step forward Monday morning, Jan. 8, in getting a public safety firing range in Coffee County.

County administrator Rod Morgan noted the legislative delegation for the county had helped secure grant funds in the amount of \$600,000 for a public safety firing range to be constructed at the county's industrial park, which is located just off Hwy. 125 in Elba. He said the grant funds would be administered through the Alabama Department of Economic and Community Affairs [ADECA].

Morgan asked commissioners to approve a grant agreement between the county and ADECA for those funds. A motion to approve passed unanimously.

"We want to thank our legislative delegation for securing those funds for us," Morgan said.

Sheriff Scott Byrd expressed his excitement for the county to move forward with getting a shooting range in the county. He said it would be a great asset for the sheriff's department with training for deputies.

"We've never had that before in Coffee County," Byrd said. "I want to thank the commissioners for approving that grant, and I especially want to thank Mike Thornton for getting the ball rolling on the project."

He said the venue would include a classroom and pis-

tol range.

Commission chairman Dean Smith asked Sheriff Byrd if he thought gun safety classes would be offered to the public in the future at the new range once it is constructed, and the sheriff said he absolutely anticipated that being something offered to the public.

"I foresee that class being booked for months," Sheriff Byrd said regarding a public firing class.

The county administrator also received approval from commissioners during Monday's meeting to execute an easement agreement with Alabama Power at the site of the new State Bureau of Investigations building being constructed in Coffee County for the SBI and ABC Board.

County engineer Michael Walters received approval from commissioners to make the 2024 truck purchase for the highway department. He said this is done annually with the county's dump trucks to keep miles down and the vehicles under warranty.

"This is a program that has worked well for us for many years now," Walters said.

He said the trucks being purchased are scheduled for a June delivery. Commissioners voted to approve the purchase of five new dump trucks at \$197,500 per chassis and one truck tractor to be utilized as the county's low-boy truck tractor at a cost of \$201,200.

Walters said these trucks would be purchased from Truck Works of Alabama using the ACCA [Association of Alabama County Commissions of Alabama] joint bid. Also, upon Walters' request, commissioners approved the annual report for the Rebuild Alabama Grant. He said this report is an annual requirement of the Rebuild Alabama Grant Program to show the additional gas taxes are being used on roadways.

In Fiscal Year 2023, Walters said the county was able to use \$942,586.54 of Rebuild Alabama funds to resurface county roads 719, 346, 450 and the west end of County Rd. 239.

Commissioners also approved a minor subdivision plat for Blanton's Pass on County Rd 708. The county engineer said this subdivision would include 15 lots.

The next Coffee County Commission meeting will be Monday, Jan. 22, at 9 a.m., at the county complex in New Brockton, Ala.

In 12th Judicial Circuit Court of Pike County

Defendant enters guilty plea for capital murder for 2019 case

Last week a defendant in the 12th Judicial Circuit of Pike County entered a guilty plea for capital murder, according to information released by 12th Judicial Circuit District Attorney James Tarbox.

The 12th Judicial Circuit covers Coffee and Pike counties.

Defendant Michael Walker entered a guilty plea Thursday, Jan. 4, to the charge of capital murder before Circuit Judge Henry "Sonny" Reagan. The State was represented by Assistant District Attorney Tarnisha Jones who was accompanied by District Attorney Tarbox.

Tarbox said Walker mur-

dered Melissa Pelton in the presence of their six minor children on October 24, 2019, in Troy, Ala. In exchange for his guilty plea, the State of Alabama through the 12th Judicial Circuit District Attorney's Office agreed to not seek the death penalty in the case.

Walker was sentenced to Life Without the Possibility of Parole in the Alabama Department of Corrections. He will be transported to the Alabama Department of Corrections where he will begin his sentence and spend the rest of his life in custody.

"The District Attorney's Office believes this serious

sentence is a proper and just outcome for this case given the violent and heinous nature of the offense committed by Walker," Tarbox said. "This outcome

And, we continue to thank you all for your prayers!! Also, when asked last Friday if he was still behaving, Mr. Ferrin just smiled and assured us that he is behaving! Free radon test kits offered for Alabama households

Radon is the leading cause of lung cancer among non-smokers. To increase public awareness of radon and promote testing and mitigation, the Alabama Department of Public Health (ADPH) is offering one free radon test kit per Alabama household as part of an initiative to reduce dangerous radon exposure. Radon is a radioactive gas that cannot be seen or smelled. It is produced when uranium breaks down in soil and water. Radon is harmlessly dispersed in outdoor air, but it can increase the risk of lung cancer when it is trapped in buildings. Anyone can get lung cancer from breathing in high levels of radon over time. Symptoms of dangerous radon exposure include persistent coughing, shortness of breath, and chest pain. According to the U.S. Department of Housing and Urban Development, 1 in 15 homes has a radon problem. In Alabama, 15 counties have been identified as having the highest potential for elevated radon levels: Calhoun, Clay, Cleburne, Colbert, Coosa, Franklin, Jackson, Jefferson, Lauderdale, Lawrence, Limestone, Madison, Morgan, Shelby and Talladega. The only way to tell if a home has a radon problem is to check with a radon testing kit. Alabama households can order one free radon test kit online via ADPH. Recipients are only responsible for paying a return shipping fee. For more information about the ADPH and radon testing, contact Nick Swindall at John. Swindall@adph.state.al.us and visit the radon web page at www.alabamapublichealth.gov/radon.

Cuzin Lou Lou's
Tales from Yonder

Editor's Note: Cuzin Lou Lou's tales are to be enjoyed as a light-hearted form of Southern expression

One of the greatest men Cuzin Lou Lou has ever known to walk this earth went on to be with the Lord last week, and Lou Lou has no doubt that he heard, “well done good and faithful servant” when he entered his eternal home. He was Papa’s oldest brother, and he was a shining example to his family of how to be humble and kind in everything. Lou Lou hopes that she is able to follow her uncle’s path and be the kind of person that others can only find good in all she does in her life. One of the things Lou Lou will always cherish about the time she spent with her uncle is listening to him tell stories of the family’s past. He could tell a story as vividly as any. Lou Lou could sit for hours listening to him tell those stories, and with each he told, she could see it – the family’s history – as plainly as if she were watching a movie in that moment. Maybe that is where she got her love for storytelling...as far as Lou Lou is concerned, it is. As Lou Lou, Papa, Sister and another of Papa’s siblings were on their way to the funeral last Saturday, they passed a restaurant named the Vittles Café. The conversation that followed over the word “vittles” made Lou Lou smile silently as she realized it was a word that her uncle could have taken and provided a great family story from the past. Jokingly, Lou Lou said they needed to visit that restaurant sometime to grab some vittles. Sister’s reaction let Lou Lou know right away that Sister was not exactly certain about that. Her response, “What are vittles?” Lou Lou explained to Sister that vittles was just another word for food, but Sister didn’t believe Lou Lou right away. It took a quick Google search to ensure her that Lou Lou was telling the truth. Of course, this got a big enough reaction out of Lou Lou that Papa and his Sister got in on the conversation too. They both explained that referring to food as vittles was a common expression when they were growing up. While Sister still was having a hard time believing that people referred to food as vittles, she was even more confused as to how she was the only one in the vehicle that did not “know” the word. So, she decided to text her friend to get her reaction to the word vittles as well. Turns out...they are a perfectly made match when it comes to friendship! Lou Lou already knew this, but it was further proven by that text conversation! The friend’s response... “Is it chitterlings or something?!!?” If Lou Lou had been taking a sip of her water at that moment, she would have spewed it everywhere. Bless them! They are too funny. Passing by a restaurant name Vittles Café brought a bit of lightness to a day that was hard on the entire family, but it reminded Lou Lou that there is so much to be thankful for in that her uncle lived a long, full life, and he left all with many, many stories to remember and pass on to future generations. It’s amazing the little signs from heaven we get – even through the name of a little café on the side of the road. Until next time...God Bless and Keep Smiling!

Senator Josh Carnley distributes funds to District 31 Schools, including school systems in Coffee County

Alabama State Senator Josh Carnley recently presented \$242,172.72 in Community Service Grants to five school systems across District 31.

Coffee County Schools, Elba City Schools, Enterprise City Schools, Pike County Schools, and Troy City Schools all received grants to address the essential needs of students and teachers across the district.

"The administration, faculty, and staff of Coffee County Schools, Enterprise City Schools, Pike County Schools, Troy City Schools, and Elba City Schools are committed to educating our children and enhancing our community — they should have access to all the resources they need," said Carnley. "It is a pleasure

Senator Josh Carnley with Elba City Schools Superintendent Chris Moseley (right).

to bring funds back home to District 31, enabling our schools to continue to deliver the highest quality education for the next generation of leaders and future work-

force. By addressing the needs of our educators, we empower them to provide unparalleled access to education for students across our district."

The grant's funds are utilized at the discretion of individual schools. Schools in District 31 have committed to allocating the funds for essential classroom furniture and supporting the needs of students and teachers to address the notable increase in enrollment over recent years.

Administered by the Community Service Grants Committee, a joint interim committee of the Alabama State Legislature, the Alabama Community Service Grant Program is dedicated to elevating education, promoting human and social services, supporting agriculture, and preserving Alabama's natural resources.

ADPH urges residents to take precautions to prevent septic tank problems after flooding

Residents who use an onsite sewage disposal system (a septic tank system) may be experiencing performance problems due to rain-soaked conditions.

During heavy rains and floods, the ground can become saturated, preventing proper operation of the system. For example, a septic tank can collapse or float out of position. Signs that a septic system is not working properly include sinks and toilets that drain slowly, floor drains that overflow, and visible sewage outside the home. If this occurs, the Alabama Department of Public Health (ADPH) recommends the following:

- Limit water usage when possible.

- Consider staggering periods of prolonged water usage such as bathing and laundering, when possible.

- Consider laundering at commercial establishments, as this will significantly reduce the demand on your own system.

- Inspect disposal areas for depressions where rainwater ponding may

occur. Adding soil to these depressions will aid in surface drainage.

- Inspect roof drainage and gutters to ensure that rainwater run-off is diverted away from the disposal area.

- Consider having your septic tank pumped out. This may provide temporary relief and may help with maintenance for long-term system performance. Do not open the septic tank for pumping while the soil is still saturated. Mud and silt may enter the tank and end up in the drainfield. Furthermore, pumping out a tank that is in saturated soil may cause it to "pop out" of the ground. (Likewise, recently installed systems may "pop out" of the ground more readily than older systems because the soil has not had enough time to settle and compact.) ADPH recommends having your septic tank pumped out every three to five years to eliminate sludge build-up.

- After weather conditions improve, the system should return to normal

functioning. If you continue to experience problems with your system, contact your local health department environmentalist for assistance.

Family Plots: What are my options?

Spouses often wish to be buried together. Other times, whole families may wish to be buried together, including children or even grandchildren. If this is the case, it is important to take that into consideration when planning a burial.

A Family Plot. A family plot is just that. It is a space large enough for multiple family members to be buried. A family plot must all be purchased at one time to reserve the space.

An Urn Plot. An urn plot is a smaller space for the burial of a cremation urn. Depending on the size of the plot, it is possible for multiple family members to be buried there.

A Mausoleum. A mausoleum is an above ground building designed to hold caskets. With a private mausoleum, you can build it as large as you wish to accommodate as many family members as you want. Another option is a community mausoleum, which can house many caskets. A family could choose to purchase multiple crypts inside a community mausoleum.

A Columbarium. A columbarium is a building with niches to hold cremation urns. Families can purchase several niches together. As with a family plot, these will likely all need to be purchased at the same time.

Home Burial. In some areas it may be possible to be buried on your own land or in private family cemetery. If this is the case, you will want to check with your local government office to find out if there are any restrictions or permits required.

There are multiple options available for families wanting to be buried together. Make sure you talk to your family members before deciding what you want to do, however, as it can be difficult to resell grave plots once they have been purchased.

Spiritual Charlatans

Jim Jones (1931 - 1978) started his ministry career in Indianapolis, but it was after he moved his Peoples Temple to California in the late 1960s that he gained notoriety. His ministry focused on issues of social justice, and he developed a large following among society's downtrodden. For a time, Jones was endorsed by many leading politicians, but following his exposure as a cult leader, he moved his congregation to "Jonestown" in Guyana. His little empire came crashing down in 1978 with the mass suicide and murder of over 900 people there, including Jones himself. In retrospect, Jim Jones was merely one spiritual charlatan in a line stretching back centuries. God had to deal with such individuals even within the ranks of His chosen people [Isaiah 1:23; Jeremiah 7: 9-11; Hosea 7: 1-3, etc] They stand in stark contrast which Jesus, who stands

ever vigilant for the well-being of His flock. The saga of Jim Jones reminds us that only Jesus is worthy of unconditional trust. - C.R.B.

After three weeks of vacation our grandson Lawson admitted it was a little hard to head back to school this week. I know Lawson loves to play video games and probably stayed up late more than once playing his games, which made it even harder to get up early. Hey, at least he gets off Monday and hopefully will use it to catch up a little before it back to the grind – full time.

For what it is worth....

*** The Elba Tigers and Lady Tigers had to be happy to get a few days off over the weekend after playing six games in nine days, including three games last week during the last week of the holiday break. The teams played three straight days in their own Christmas tournament, then came right back and were on the court for three games in four days. I know basketball is fun for the players, but so is sleeping in and taking a day off.

Anyway, the Tigers opened their area schedule with two big wins last week and used a stingy defense to lead the way. Elba blew a 12-point lead before defeating Kinston in overtime and then almost blew a 15-point lead in a narrow win over Houston County. However, the Tigers did what it took when they had to and survived with a pair of area wins. The team is still working hard to get better and maybe before long we will get to see the Tigers at their best.

The Lady Tigers rolled to three big wins, including a pair of area wins, and appear to settling back in after a couple of stumbles in their own Christmas tournament. The Elba girls still aren't clicking on all cylinders on offense, but are using their quickness on defense to turn turnovers into easy points, and just need to settle down, have some fun and take each and every game one game at a time.

*** The high school basketball season has reached its area schedule and for the teams in the local area it looks like some fun nights ahead. Zion Chapel has been a surprise team all season and looks like an area contender, while New Brockton has already shown what it can do when it plays its best, Brantley is just as dangerous as ever, despite their struggles in the Elba tournament, and Kinston is close to finding out how to win. Over with the girls, Kinston is a dangerous team that plays hard and never backs down from a challenge, while Brantley is solid and a challenge to any opponent every night out, New Brockton is another surprise team that can win against any team on its schedule on any given night, and Zion Chapel is just waiting to pull off a shocker. The season has already been a lot of fun and the best is yet to come.

*** It certainly wasn't the best way to end a season for Alabama, Auburn and Troy as all three teams were upset in post-season play. The Crimson Tide battled for all four quarters, and then some in a 27-20 loss to Michigan in the college playoffs to end the Tides fans hopes of winning a national title. While Alabama owned a late lead and could have won the game, looking back it could have been a case of everyone getting a little too excited about a late-season surge and SEC title that resulted in a belief that just maybe Bama wasn't quite as good as many thought. The Tigers and their fans may have enjoyed the visit to Nashville for the Music City Bowl, but the game wasn't as much fun as Auburn fell behind 21-0 early and never really threatened in an unexpected loss to Maryland. The loss left the Tigers with a losing record in its first year under Hugh Freeze. Not what the faithful Tiger fans had hoped for! Troy was expected to be a little down after the loss of its popular head coach, and certainly looked that way in a loss to Duke. While Duke is a solid team in the ACC, most state fans felt like the Trojans could claim the win and continue to up the worth of its brand. Not this time.

***In closing.... It is a busy time for student-athletes at high schools all across the state as basketball season swings into area play, at the same time baseball and softball teams begin to throw and condition for their upcoming seasons. Here at Elba that is certainly the case, as the only players getting in much work are the junior varsity players, since the rest of the team is still running up and down the basketball court. Student-athletes at the high school level are to be commended as they work to keep their grades up while never taking time off from a team sport. I know more than one girl that cheered in 14 football games as a varsity cheerleader, practiced and played volleyball for four months as the Lady Tigers advanced to the state tournament, and now is playing basketball and hoping to make a trip back to the state tournament, while keeping her glove and cleats under the bed before heading off to the softball field. The life of a student-athlete isn't easy at any level, much less a teenager in high school. Maybe a small NIL contract wouldn't be so bad after all since the student-athletes are doing most of the work.

Post three straight wins

Lady Tigers are back on a roll

The Elba Lady Tigers returned to their winning ways last week as they posted key area wins over Kinston and Houston County, and closed the busy week with a solid win at home over Arton. Following is a recap of last week's action:

Elba 36 Kinston 23

The Elba Lady Tigers pulled ahead early and pulled away late to claim a big 36-23 area road win over the Kinston Lady Bulldogs.

Elba came out ready to play and behind the scoring of Tajah Robinson and A'Lyric Whitfield jumped out to a 10-0 lead with 3:09 still left in the opening quarter. However, the Lady Tigers failed to score again for over five minutes and watched as Kinston pulled within 10-4 early in the second quarter. A three-point play by Whitfield pushed the Lady Tigers lead to 13-4, but Elba hit another five-minute scoring drought and allowed Kinston to cut the lead to 13-8 with 54-seconds left in the half on a basket by Aubrey Norris.

The Lady Tigers appeared ready to take command early in the third quarter and behind the play of A'Lyric Whitfield and Ana Caldwell stretched their lead to 20-11 with 5:09 left on the clock, only to once again hit a dry spell from the floor as they scored only two points over the quarter's final five minutes as Kinston rallied to pull within 23-20 with 6:14 remaining in the final stanza. A'Lyric Whitfield scored 12 points over the game's next three minutes to help push the lead to 36-21, and the Lady Tigers held on to claim the important area road win.

A'Lyric Whitfield scored 21 points to lead Elba, while also scoring for the Lady Tigers were Tajah Robinson 8, Ny'Asia McCollough 4, Kendra Juarez 2 and Ana Caldwell 1. Aubrey Norris scored 15 points and hit 8 of 9 free-throw opportunities to lead Kinston; while also scoring for the Lady Bulldogs were Lauren Norris 4, Aubrie Brown 2, Maggie Martin 1 and Lilli Sumblin 1.

Elba 80 Houston Co. 11

The Elba Lady Tigers raced out to a 28-0 first quarter lead and never looked back as they rolled to a lopsided 80-11 area win over the Houston County Lady Lions, at the Elba gym.

Tajah Robinson hit an early three-pointer to get Elba rolling and scored a total of seven points in the opening stanza, while Ana Caldwell added eight points inside as the Lady Tigers carried a 28-3 lead into the second quarter. Elba continued to dominate the Lady Lions in the second quarter with an aggressive defense and led by A'Lyric

Whitfield with 11 points and Brooke Tinsley with six points went in at the half with a 55-3 advantage.

The game clock never stopped in the second half due to the lopsided score, but the Lady Tigers kept on rolling as Tajah Robinson added four points in the third quarter to help Elba up its lead to 63-3, and A'Lyric Whitfield added seven fourth quarter points as the Lady Tigers claimed the 80-11 area win.

A'Lyric Whitfield scored 22 points to lead Elba, while also scoring for the Lady Tigers were Tajah Robinson 11, Jadyne Caldwell 11, Ana Caldwell 10, Brooke Tinsley 8, Kendra Juarez 4, Alayvia Stinson 4, Ayrika Caldwell 4, Keelie Mosley 4 and Taylor Day 2. Zyon Smith scored 9 points on three three-pointers to lead Houston County.

Elba 43 Arton 25

The Elba Lady Tigers used an early 6-0 run to grab the lead and never looked back as they rolled

to a 43-25 home court win over the Arton Lady Cats.

Arton sneaked out to a 5-4 lead early in the opening quarter, but Kendra Juarez and A'Lyric Whitfield sparked a 6-0 run to put Elba on top 10-5, and a three-pointer by Tajah Robinson early in the second quarter capped off the 12-0 run as the Lady Tigers upped their lead to 16-5. Elba's lead grew to 23-10 midway through the third quarter on a three-

pointer by Whitfield, and despite hitting only 2 of 8 free throws in the fourth quarter easily held on for the 43-25 win.

A'Lyric Whitfield scored 21 points to lead Elba, while also scoring for the Lady Tigers were Tajah Robinson 8, Alayvia Stinson 5, Kendra Juarez 4, Keelie Moseley 2, Ayrika Caldwell 2 and Brooke Tinsley 1. Maci Leigh Bragg scored 12 points to lead Arton.

The Elba Tigers hit the court for three games last week in high school basketball action and claimed a pair of exciting area wins over Kinston and Houston County before closing the week's action with a hard fought loss at home to Ariton.

Following is a recap of last week's games:

Elba 71 Kinston 60

The Elba Tigers blew a 12-point lead in the final two minutes of the fourth quarter to send the game into overtime, but then regained command and ran away with a 71-60 area road win over the Kinston Bulldogs.

Kinston jumped out to an early 6-3 lead behind the inside scoring of Colby Tew, but Elba rallied behind the scoring of Alvin Henderson and Ty Sieving to grab a 10-6 lead with 2:09 left in the quarter, and the teams swapped baskets for the remainder of the period as the Tigers carried a 12-9 lead into quarter number two. Jacob Watkins sparked a 7-0 Elba run early in the second quarter as the Tigers stretched their lead to 19-9, only to see Kinston battle back and pull within 21-17 with 3:10 left in the half on a three-pointer by Michael Thompson. A three-pointer by Elba's Ty Sieving with 1:17 left pushed the Tigers lead to 30-21, and at intermission Elba went in with a 32-23 advantage.

Both teams struggled to add to their point totals early in the third quarter and Elba owned a slim 36-29 lead with 3:38 left on the clock. However, the Tigers Alvin Henderson poured in 10 points in the final three minutes of the stanza as Elba upped its lead to 50-34. Kinston cut the Elba lead to 50-41 with 6:12 left in the fourth quarter on a basket by CJ Lunsford, but the Tigers remained in command and were on top 56-44 with 1:32 remaining. Elba hit only 2 of 8 free throw chances in the final minute; however, and Kinston staged a furious rally and closed regulation play with a 14-2 run on a three-pointer by Colby Tew to send the game into overtime.

Two Enterprise civic clubs host special needs Christmas Party

Members of the Luncheon Pilot Club of Enterprise and the Enterprise Rotary Club recently held a special needs Christmas party in the Baptist Center in Enterprise.

Pat Green, the LPCE chair for the Christmas Party, did another excellent job of contacting the schools for a list of special needs individuals, getting their wish lists and inviting them and their parents to attend. Members of the two clubs met one evening to purchase a gift from the wish list for each person and then met the following week to wrap the gifts.

LPCE members decorated the hall and placed the gifts

under the Christmas tree. Individuals attending checked in upon arriving to get their name tag and a "goodie" basket filled with many special gifts. Singing of Christmas carols was followed by enjoying cheeseburgers, chips, a Christmas tree cake and drink.

The highlight of the evening - Santa appeared and as each name was read, the gift was delivered to the individual.

Special thanks to all the members of the two clubs that assisted with this project. Many members from each club volunteered to make the evening a success.

Christmas Bags for Seniors...Members of the Luncheon Pilot Club of Enterprise recently filled 40 large Christmas bags with nonperishable food items and hygiene and paper products. A Christmas card signed by the members, which included \$10 that was donated, was included. The bags were delivered to Anita Cawley, Community Retirement Center Manager of the Enterprise Retirement Center, to be given to the current residents. Those pictured above with the bags include: Linda Leib, Sandra Danford, Caroline Gebhart, Julie Mills, Brandy Woodham, Beverly Ulrech, Sonja Morgan, Gina Oates, Rhonda Welch, Bonnie Gilmore, Jane Baxley, Leslie Adams, Debbie Godfrey, Fran Walters, and Linda Peterson.
